(Mayor Beame's special pension study panel recommends that NYC contribute \$208-million more annually to bolster retirement system and that money come from munic employees' paychecks rather than from strapped munic treas. Proposal, which would require union and legis approval, is

submitted to Beame by Mgt Advisory Bd as heart of long-awaited actuarial study--first in decades--that finds 5 city pension plans in generally better condition than critics had expected. Richard R Shinn, Met Life Ins Co pres and advisory bd chmn, declares 'stated simply, the city pension system is in good shape'. Cautions that additional contribution should be phased in over 5-yr period beginning next yr, or pension system would begin to slip into underfinanced condition. Recommended \$208-million increase would be in addition to \$1.2-billion annually now contributed by city. Beame, who would have to bear brunt of confronting city unions for further reduction of their employees' take-home pay, makes no immediate comment on whether he will follow bd's proposals. Central Labor Council pres Harry Van Arsdale objects to bd's going beyond basic actuarial findings and recommending reduction in workers' take-home pay. Panel disagrees with Beame's tentative decision, already included in his revised austerity plan for restoring balance to budget, to withdraw city employees from Fed Soc Security system. Shinn asserts that while move might result in short-term budget savings, it would be better to integrate Soc S

Title: Computers in the Official Referees' Courts-a report by the society

Author(s): Overend, S.

Journal: Computers and Law no.60 p.27

Publication Date: June 1989 Country of Publication: UK

CODEN: CLAWDY ISSN: 0140-3249

Language: English

Subfile: C

Abstract: A study carried out by the Society for Computers and Law has concluded that substantial savings in court time and costs of litigation would result from the installation and use of computers in the Official Referees...

... and related professions. The study concludes that in such cases, even though the cost of computerisation is high, the potential savings resulting from spending less days in court are sufficiently high...

...a courtroom computer network including: computer assisted transcription, integrated case management, external network, standardisation and computerised judgement. Proposals for training of judges and staff and for financing the project are also included in the study.

...Identifiers: computerisation ; ...

... computerised judgement

(Mayor Beame's special pension study panel recommends that NYC contribute \$208-million more annually to bolster retirement system and that money come from munic employees' paychecks rather than from strapped munic treas. Proposal, which would require union and legis approval, is submitted to Beame by Mgt Advisory Bd as heart of long-awaited actuarial study--first in decades--that finds 5 city pension plans in generally better condition than critics had expected. Richard R Shinn, Met Life Ins Co pres and advisory bd chmn, declares 'stated simply, the city pension system is in good shape'. Cautions that additional contribution should be phased in over 5-yr period beginning next yr, or pension system would begin to slip into underfinanced condition. Recommended \$208-million increase would be in addition to \$1.2-billion annually now contributed by city. Beame, who would have to bear brunt of confronting city unions for further reduction of their employees' take-home pay, makes no immediate comment on whether he will follow bd's proposals. Central Labor Council pres Harry Van Arsdale objects to bd's going beyond basic actuarial findings and recommending reduction in workers' take-home pay. Panel disagrees with Beame's tentative decision, already included in his revised austerity plan for restoring balance to budget, to withdraw city employees from Fed Soc Security system. Shinn asserts that while move might result in short-term budget savings, it would be better to integrate Soc S

**Managing employee ideas / proposals method in client/server system to
create standardized quality business proposals**

Alerting Abstract ...NOVELTY - An automated employee idea manager
server receives the proposal in electronic form, records a unique
submission identifier and a matching identifier for communicating with the
employee or employer, provides the proposal with the submission
identifier without revealing matching identifier e.g. e-mail address on the

DESCRIPTION - Standardized forms and templates are provided to aid
employee itemize the status quo of a process, calculate and display...

...USE - For managing employee ideas / proposals .

...ADVANTAGE - The identity of the employee suggesting the proposal is
not revealed whilst being evaluated...

...DESCRIPTION OF DRAWINGS - The figure shows schematic block diagram of
the employee suggestion management client/server system.

Original Publication Data by Authority

Original Abstracts:

...the use of a computer network. The structured response is developed
through a series of templates in which the employee enters information
into a template . From the responses in the first template a second
template is selected. The second template may request information
regarding the financial consequences of implementing the idea. Once the
structured idea is developed through the series of templates a routing
decision is made by the server. The server determines one or more members
of the business management...

...the idea is routed based in part on information entered by the employee
in the templates. >

Claims:

...claimed is:1. A method for providing to business management a plan for implementing an employee suggestion, the method comprising:obtaining over a computer network a structured response from an employee of the business; anddetermining the network routing of data from the structured response to...
